ALEX PRIME STATUS REPORT

2026-01-31

■■■

- [ ] Lead finder automation
- [ ] Email management system
- [ ] Daily devotion system for children

■ LOW PRIORITY (LATER)

- [ ] Trading agent research
- [ ] Investment strategy implementation
- [ ] Local LLM fine-tuning
- [ ] PMU/Lotto analysis system

■ COMPLETED

2026-01-31
- [x] Alex Prime activated and configured
- [x] Identity files created (IDENTITY.md, USER.md)
- [x] Memory system initialized
- [x] Security permissions fixed
- [x] WhatsApp channel verified (inbound working)
- [x] Strategic report created (18,000+ words)
- [x] PDF generation capability installed
- [x] Goals documented (memory/GOALS.md)

■ ISSUES / BLOCKERS

Issue	Status	Notes
WhatsApp bidirectional	■■ Blocked	Same number linked - can't send to self
Web search	■■ Blocked	Needs Brave API key

■ IDEAS TO DISCUSS

- Second WhatsApp Business number for full messaging
- Telegram as alternative channel?
- Daily briefing schedule preference
- Preferred communication style

This file is my working memory. I update it as tasks evolve.

■■■

■ Major Life Goals

Real Estate
- [ ] Buy a house in France
- [ ] Buy a holiday house (location TBD)

Financial Independence
- [ ] Daily income generation strategies
- [ ] Investment portfolio
- [ ] Trading automation (agent-based)
- [ ] Lottery/PMU optimization strategies (French systems)
- [ ] Increase net worth consistently

■ Business Objectives

Market Presence (France Focus)
- [ ] LinkedIn presence — regular blogs/articles
- [ ] YouTube channel — grow viewership
- [ ] Facebook/Meta advertising (find cheapest options)
- [ ] GitHub for all software projects

Service Lines to Develop

1. Architecture & 3D Services (Paris Market)
- Architectural visualization
- Construction/housing plans
- Set design for events/productions
- **Action:** Research Paris architecture market, find project sources

2. AI Solutions for Small Businesses
- Agents for companies without big budgets
- Automation replacing employees
- Custom AI integrations
- **Action:** Identify target market, pricing strategy

3. WordPress Website Factory
- Automated website creation
- Agent-driven client acquisition
- Find businesses needing websites across France
- **Action:** Build WordPress automation agent

4. Flutter/Mobile Development
- Cross-platform apps
- Add to portfolio
- Find clients
- **Action:** Showcase projects, market services

■ Systems to Build

Priority Agents/Automations
- [ ] **Daily Devotion System** — Send word of God + advice to children
- [ ] **Children's Helper Agent** — Interactive agent for kids' needs
- [ ] **Writing Management Agent** — Handle writing tasks

- [ ] **Email Cleanup Agent** — Organize and manage inbox
- [ ] **WordPress Creation Agent** — Automated site building
- [ ] **Trading Agent** — Daily market trades for passive income
- [ ] **Client Acquisition Agent** — Find prospects needing services

Infrastructure
- [ ] **Local LLM Setup** — Reduce token costs with open-source models
- [ ] Run models locally to avoid expensive API usage

■■■■■■■ Family & Personal

Family Connections
- [ ] Regular contact system with Christelle (sister)
- [ ] Regular contact system with Michael/Mike (brother)
- [ ] Regular contact system with Lendry/Justine (brother)

Social Development
- [ ] Strategy for building reliable friendships
- [ ] Support network development

Faith
- [ ] Daily devotion system for children
- [ ] Values-based guidance system

■ Pending Items

- [ ] Get list of current projects from Kabundji
- [ ] Clarify children's names and ages
- [ ] Clarify brother's name (Lendry vs Justine)
- [ ] Define holiday house preferred location
- [ ] Review current investment situation

■ Alex Prime Action Items

Immediate (This Week)
1. Research Paris architecture project sources
2. Research French market opportunities in Kabundji's niches
3. Investigate cheapest Facebook/Meta advertising options
4. Research LinkedIn content strategies
5. Explore local LLM options for cost reduction

Ongoing
- Be proactive with ideas and solutions
- Monitor markets and opportunities
- Come up with daily plans
- Find issues to iron out before they become problems

This document is living — update as goals evolve.
